

New Product: Flex Pivot

Welker's pneumatic power pivot allows up to 90° of travel. Opening and mounting angles are manually adjustable in 15° increments. With fixed side mounting, the Flex Pivot offers a choice of movable mounting styles: blade or flat. The unit can be mounted horizontally or vertical. Options include Welker Smart Stops, weld field immune cylinder switch, manual t-handle lockout pin, and locking or non-locking 100mm bore pneumatic cylinder. For more info visit <http://www.welkerproducts.com/pivot.php>

Upcoming Events

Welker will be exhibiting with CIP at the Waste Expo, May 6-9 in Las Vegas. Columbia Industrial Products, CIP, is a sister company of Welker. Located in Eugene, Oregon, CIP manufactures composite bearings and wear materials for industrial, hydro, marine, and oil & gas applications. CIP's self-lubricating products are used throughout the Welker product line, offering an environmentally friendly solution that reduces or eliminates the need for subsequent grease lubrication.

UB Series Shot Pin Improvements

Welker is please to announce upcoming quality improvements to its popular UB2 and UB4 shot pins. The integrated cylinder has been streamlined to a coupler-less design. Guards for world switches have been added to further protect switch wires in harsh environments. A detent option was also added to assist holding the ram in extended position with loss of air pressure. UB Series shot pins will continue to offer the same great features and benefits, as well as low cost of ownership. For more info visit <http://www.welkerproducts.com/shotpins.php>

Sales Spotlight: Hillcrest Enterprises

Welker welcomes Hillcrest Enterprises to the Sales team. Bill Farmer and his associates serve industrial automation markets in Virginia, Maryland, and the Washington D.C. area. Contact their Ashland, VA office at (804) 798-8390.

FIRST Robotics

Welker is a proud sponsor of FIRST Robotics Canada's robot competitions. First Robotics is a charitable organization that inspires young people through STEM mentorship programs. Ontario division winners of this year's competition, *Destination: Deep Space*, will be heading to Detroit for the World Championship Qualifier.

Upcoming Events

Welker will be exhibiting with CIP at the Waste Expo, May 7-9 in Las Vegas.
